

Puddle Ducks Dorset

Puddle Ducks runs three core swimming programmes: *Baby & Pre-school - teaches children from birth to 4 years to be happy and safe in the water. Classes are split into age groups. *Swim Academy - teaches primary school children aged 4 years to 10 years to swim beautifully and efficiently as well as essential water safety skills. *Aqua natal classes for mums to be- the perfect combination of exercise, relaxation and help to prepare your body for labour. With activities perfectly tailored to suit your child's age and confidence, our lessons are full of songs, rhymes, games and activities working towards your little one swimming independently, safely and happily, both above and under the water. That's the Puddle Ducks' difference.
