

Charmaine Bruijns

Hoopoe Montessori provides home based Montessori inspired education to children from 3 to 12 years of age. We aim to ignite children's natural curiosity and develop lifelong learners through play, carefully planned activities and following the interests of individual children. Older children are supported and encouraged to take ownership of and responsibility for their learning and supported to develop life skills through the work that they do here. We value and respect each person as a unique individual, our community, and loving and taking care of our environment. For more information please contact me.
