

Mrs Jasmine Willsher

Hello, my name is Jasmine Willsher, I am a registered childminder based in Sturminster Newton, where I live with my Husband and Son, and run my childcare business "Honeymead Hive Childminding". I provide term time care Monday to Friday, offering children with the space and opportunity to explore, learn and play, both indoors, in a well resourced classroom setting and outdoors in our spacious garden. I hold a BA Hons in Education and have 10 years experience working with children in various roles and settings, including 4 years experience working with additional needs students. I believe learning through play in a safe and comfortable home setting is the best way for children to develop and thrive.

Special Educational Needs and Disabilities Local Offer

Support for children and young people with SEN and disabilities	I previously worked for a private specialist school, who provide residential care and education for children aged 7 to 19 with ASD. I worked across both the care and education settings, for a total of 4 years as a senior carer and a teaching assistant. During my time spent in this setting I received various training to support the children within my care and better my understanding of Autism, including Makaton training, medication administration training, therapy/ sensory based training and much more. During my time spent there I also completed a QCF Award in Residential Childcare Level 3. Prior to this, I also spent time volunteering for a charity who provides respite care for children with SEND, such as Downs Syndrome, ADHD, ASD and many more.
