

## Magdalen Farm

Magdalen Farm offers school day-trips and residential education programmes for primary and secondary schools and care farming experiences for children and adults with learning disabilities and/or challenging social backgrounds. Every aspect is delivered with expertise by a team who love what they do. Our 132 acres of tranquil organic countryside and farmland are found along the banks of the River Axe where Dorset, Somerset and Devon meet. Breathe in and experience the centre. Magdalen has accessible surroundings and facilities. Our specialist team encourage both children and adults to learn new skills, benefit from therapeutic experiences and develop a deeper understanding of the countryside. Whether a visit to Magdalen is for a day-trip or a little longer - the memories will last a lifetime.
