Special Educational Needs and Disabilities Local Offer

Support for children and young people with SEN and disabilities

Winterbourne Valley CE VA First School is a small rural school with three classes, with a Pre-School onsite. The school is part of the Dorchester Area Schools Partnership (DASP). The school is committed to providing all children, including children with SEND, with the best learning opportunities possible. We are able to provide focused in-class support, additional small group work and 1:1 support. As necessary, we refer to outside agencies for further guidance and support, and we liaise closely with them to ensure that your child receives the appropriate specialised education and care that they require. Our school uses the local authority arrangement for school admissions. The agreement is mindful of national requirements supporting all children, including those who are disabled, in a fair and non-discriminatory way, when securing admission to school. In addition to this the school makes appropriate reasonable adjustments to accommodate those who are disabled. Where adaptations are required to support physical or medical needs, the school liaises with the local authority, health services and parents/carers to ensure that appropriate arrangements are made to meet individual medical conditions.
