Special Educational Needs and Disabilities Local Offer

Support for children and young people with SEN and disabilities	<p>At Bourton and Zeals we offer a period of 'settling in' sessions. During this time your child's key person spends time with you and your child, learning about them and their needs. We believe that a strong link between home and Pre-School are paramount in aiding your child's development. You will be introduced to our SENCO who's level 3 trained, any SEN history will be shared and action will be decided upon to ensure your child settles here at our Pre-School. We pride ourselves on our strong links to outside agencies and on our support in transitioning your child on to their school. We are unique in working with agencies from Dorset, Somerset and Wiltshire. We do our utmost to ensure your child's SEN needs are fully supported to ensure they are able to meet their stages of development and are able to flourish and grow in our environment. We are a Makaton friendly setting and are willing to, and have already, undertaken further training to assist your child in any medical needs. For eg: we have completed training to ensure we can support a child with diabetes within our setting. We are wheelchair accessible to both our front and back areas. We are happy to discuss ways in which to meet your child's needs further.</p>
