

## Blossoms Day Nursery

At Blossoms Day Nursery we aim to give children every opportunity to thrive and get the most out of their learning with us. We believe children have the right to choose and be independent through having fun and learning with appropriate boundaries put in place to follow our positive behaviour policy. Positive praise equals positive behaviour. We aim to bring something a little different from any other setting and this is to use more recycled resources; although we will still use 'traditional' toys and resources, we will be introducing natural and recycled goods within our activities and free play time too. This gives children the opportunity to stimulate their imaginations and allow them to make something out of the resources given. We differ from other nurseries as we have the personal touch. By keeping our child numbers low and having a small team of amazing staff members around your child, you can guarantee that they will receive dedicated time and care that is specific to their need.
