

Dorset Community Transport

Transport is an integral part of modern living and is a critical issue when ensuring accessibility to jobs, learning, health care, shopping, leisure and other opportunities that can significantly impact our quality of life. Community transport is often perceived as only for older people, however, there are a number of community transport initiatives which benefit younger people too and those who have disabilities or who are socially excluded. To find details of transport schemes near you, you can view the most recent version of the Community Transport Directory on Dorset for you. The Dorset Minibus Directory holds details of minibuses and community vehicles in Dorset. These are available to hire by voluntary groups, clubs, schools and community transport schemes.
