

The Children's Society

The Children's Society - a better childhood, for every child. The most disadvantaged children rarely suffer on just one front. We work with these children to ensure that they are loved, valued and listened to. With them we fight childhood poverty, harm and neglect. We are a children's charity who help children of all faiths and none, including children at risk on the streets, disabled children, young refugees, young carers or those within the youth justice system. Through our lobbying and research, we seek to influence child protection policy and perceptions at all levels so young people have a better chance in life.
