

Action For Children

From before they are born until they are into their twenties, we help disadvantaged children across the UK. We help them through fostering or adoption – and by intervening early to stop neglect and abuse. We make life better for children with disabilities. We influence policy and advocate for change. Our 7,000 staff and volunteers operate over 600 services, improving the lives of 370,000 children, teenagers, parents and carers every year. We succeed by doing what's right, doing what's needed, and doing what works for children. Our ambition is for any child who needs help to get help. We work in partnership with other charities, local authorities and health services, and are supported by a team of experts and specialists.
