

Safewise Bournemouth

Our charity provides memorable and exciting opportunities for people of all ages to learn about everyday safety within a fun and exciting full-scale immersive and interactive environment. Safewise Bournemouth is an award-winning safety education centre which opened in 1998. Our main feature is our stunning indoor village in which we conduct interactive safety education tours, teaching children and members of the community how to identify and mitigate potential dangers. We aim to develop knowledge and skills so people make the right decisions and choices and in doing so reducing the number of preventable accidents that occur every day: Changing Lives, Saving Lives.
