Special Educational Needs and Disabilities Local Offer

Support for children and young people with SEN and disabilities	<p>I am able to offer an inclusive practice, as my setting is all on one level with easy access through both front and back entrances. As I have worked in childcare for over 30 years, I have a great deal of experience with children of varying needs, including hard of hearing, speech and language delays, developmental delays and medical. I have attended many courses including role of Special Educational Needs coordinator, Every Child a Talker, and a Communication and Language Course. I have worked with many agencies and professionals throughout my career helping many children make good progress in their development. I am able to adjust activities accordingly and I can offer observations, recording and reviewing children's development; and with parents' permission and if necessary additional support with outside agencies. Please contact me if you require any additional information.</p>
