

## Sleepovers At Magdalen Farm

Sleepovers for families with an autistic child. This is a great opportunity for families to relax and enjoy the company of others who understand the challenges that face those with an autistic child. Magdalen's Courtyard Centre and Farmhouse have been adapted to provide a warm, comfortable, safe and secure environment in which to enjoy a short break. Magdalen will arrange activities designed to meet the needs of everyone and provide tasty home cooked meals using ingredients either direct from the farm or local sources. We are happy to cater for special dietary requirements with notice.
