

Mrs Lindsey Jones

I've been a childminder for 18 years and live in a small village within easy reach of Milborne Port, Sherborne, Stalbridge and Sturminster Newton. I provide plenty of toys and educational activities. I have a large garden with a large range of toys. I can provide references from past and present parents. We also visit weekly toddler and childminding groups and soft play areas which are all included in the fee.

Special Educational Needs and Disabilities Local Offer

Support for children and young people with SEN and disabilities	<p>I believe passionately in the importance of inclusion and equality for all children and strive to ensure these values are at the heart of my practice, I have a SEND qualification and have used this to ensure all children are able to grow to their best abilities. I can provide additional support by tailoring all opportunities to suit the child, this could include visual displays or just extra support when needed. At present I have helped children needing speech and language support by putting them in touch with outside agencies, for example their Health Visitor. As I will be your child's only key worker I will be able to build a close relationship with both the child and parent, with the parents input I can change/adopt the support needed and adapt my provision to suit. If a child needs medical or personal care I will ensure this is done with respect and the child's best interests and parents full input. Referrals with parents' consent and input will be made to CAHMS, I will help with this process and continue to offer support throughout the time your child is with me.</p>
